

Kalamazoo Metro Market Overview and Media Kit

Why Transit?

HIGHLY EFFECTIVE

Transit provides a variety of unmissable advertising sizes and opportunities either on the interior or exterior of the buses that present 'billboards-on-wheels' right at consumer eye-level

COMPLETE COVERAGE

Transit captures attention where people live, shop, work and play. Visible in both downtown business centers and upscale suburbs, these displays provide local, regional and national advertisers a competitive advantage to other OOH formats

REACH

With fragmented media sources competing for smaller and smaller audiences, transit advertising delivers some of the strongest CPM's in advertising and reaches consumers far more effectively than other media.

FREQUENCY

Transit advertising targets your market all day: during the drive to work, walk to lunch and bike ride before dinner. Repeated viewing creates top-of-mind awareness and brand recognition in any media campaign.
